PICK YOUR HORSE

Choose the horse you would like to sponsor

◆ FRODO

Tiny but mighty, Frodo is a fearsome little horse and always answers the call to anything he is asked.

He is always actively hunting his next snack.

◆ WALKER

A Barbie dream horse, Walker is the true definition of a war horse. Don't be fooled by his size, he is just as quick.

◆ ZAZU

Surprising us all in 2025, Zazu decided to steal the show and become a head rider horse in only a few days! 2026 holds great things for this handsome six year old.

◆ CLINT

Clint is great with kids and even better with concession stand food! He is one of our more experienced and quiet horses.

He is a popcorn hog!

◆ MUFASA

Mufasa is super trusty down the trail. He is utterly petrified of the elk but loves water.

We call him the hippo, because he always rolls in the river.

◆ MARVIN

Ex-pick-up pony, Marvin is an incredible athlete but has some anxiety and often needs some support.

◆ JACK

Highly opinionated and needing some relief from the dust, Jack will only be making his appearance on stage this year. He will not be running the back hill.

◆ TITO

Tito made his first appearance at the *Medora Musical* in 2022 and hasn't missed a beat since! He is also one of the golden star horses of the Medora Cowgirl Camps.

◆ GIDEON

Gideon has the absolute best hair. This surfer dude also likes to whinny to make sure everyone knows he's there to see. He's often overlooked but is truly a gem and the same safe horse every single ride.

◆ RAFIKI

With a bold white face and four white feet, it's hard to miss Rafiki! Last year, he rode up the back hill and will hopefully make his way up to the stage this year!

◆ WAYLON

The largest of the herd, Waylon towers over the rest at just five years old. He and his half brother, Marty, will be ridden this year in the *Medora Musical*.

◆ MARTY

Coming in a little bit smaller and built more for talent than size, Marty will be introduced to the stage this year.

◆ CAJUN

Still in training to attend the *Medora Musical*, Cajun has crossed the stage only four times! He is a lovely addition, and we cannot wait to see him perform in 2026.

◆ REMINGTON & WINCHESTER

The up-and-coming team of four year old Belgian Quarter horse crosses, joining the Medora herd in May 2026, Remi and Winni are going to float through town during the day and cross the stage a few nights a week as they learn the ropes from Boots & Spurs this summer!

◆ BOOTS & SPURS

AKA 'The Team', Boots & Spurs are the only horses to be in the *Medora Musical* every single night. Their only job is to safely pull the stagecoach across stage. These big boys have to stay in a separate pasture all winter with a diet. Otherwise, their harnesses won't fit in the spring!

PLEASE NOTE

You do not own the horse. You are making it possible for us to continue to properly train and care for these special horses.

Horses may not be able to continue to perform due to injury or health issues. In this case, we would give you another horse to sponsor for your time of sponsorship.
